

Essentials

Put **power** at your guests' fingertips

Connect to Your World

Guest Charging Panel with Optional RJ45 Internet Connection

G-LINK's™ Essentials Desktop and Wall Mount panels provide the power guests need in the places they need it. No charger? No Problem! Essentials offers both AC and USB power. An optional RJ45 Ethernet jack creates an easy way to connect laptops to the internet.

Convenience

- Guests will appreciate quick access to power... no more unplugging lamps or alarm clocks to use an outlet

Fuels Guests' Mobile Lifestyle

- Perfect for your guests' favorite devices including laptops, mobile phones, video game systems, and more

Internet Option

- Optional RJ45 Ethernet jack provides great hard wired connectivity required by most government employees
